ABOUT ME

Experienced HIS & IT Officer with a strong background in NGO programs, digital health systems, and mobile/web development. Former In-Charge at DARE Network (Mae La Camp, 2006). Developer of Reach Collect HIS (Flutter) and DHIS2 implementer for PHC/MCH/Delivery systems. Passionate about supporting community health programs with reliable technology.

NGO EXPERIENCE

DARE Network (Drug & Alcohol Recovery & Education)

In-Charge — Mae La Refugee Camp (2007–2008)

- Managed community recovery program operations.
- Coordinated with counselors, outreach workers, and leaders.
- Supported awareness activities & reporting.

HIS & TECH EXPERIENCE

Freelance HIS & IT Developer (2023–Present)

- Built Reach Collect HIS (Flutter) for structured community data.
- Implemented DHIS2: Tracker programs, metadata, working lists.
- Docker-based DHIS2 deployment & Linux server maintenance.
- Designed mobile apps & dashboards for health programs.
- Provided IT support to NGO teams.

TECHNICAL PROJECTS

- Mobile Health Apps (Flutter)
- DHIS2 System
- iOS Apps (Swift UIKit)
- Web Dashboards & Admin Panels
- Database & API Integrations
